PROJECTO 'SAFETY INSTRUCTIONS CARD'
PARCEIRO LEASE FLY

Lease Fly
You set the destination, we lead the way.

O DESAFIO

Desenvolver de raiz um cartão de instruções de segurança, simples, de fácil leitura, contendo toda a informação necessária e exigida.

Os modelos existentes eram muito confusos e sem estrutura funcional

Foi necessário estudar os sistemas pictográficos de segurança internacional, e criar um sistema próprio que contemplasse todas as situações.

Airbus A320

 C.C.O.M	CABIN CREW OPERATING MANUAL	10.06
	EMERGENCY PROCEDURES	P 17
	EMERGENCY EVACUATION	JAN 12

10.06.5 EXITS TO USE IN CASE OF EVACUATION

This is a classification of exits to use in case of evacuation. Cabin crew members will use their own judgment on which door/exit to use according to factors such as outside conditions, position of the aeroplane, structure damage, possible threat etc...

	Ground Evacuation	Ditching
Primary exits	Aft doors	Fwd emergency exits
Secondary exits	Fwd emergency exits	Aft doors
Auxiliary exits	Flight crew compartment hatch	Flight crew compartment hatch

T10.06_P17A: Doors/exits classification for evacuation
